CHALMERS VISION

In the local and global communities, CHALMERS – FOR A SUSTAINABLE FUTURE means:

We contribute to attaining UN Global Goals for Sustainable Development both locally and globally.
THE GLOBAL GOALS
For Sustainable Development

1. No Poverty
2. Zero Hunger
3. Good Health and Well-being
4. Quality Education
5. Gender Equality
6. Clean Water and Sanitation
7. Affordable and Clean Energy
8. Decent Work and Economic Growth
9. Industry, Innovation, and Infrastructure
10. Reduced Inequalities
11. Sustainable Cities and Communities
12. Responsible Consumption and Production
13. Climate Action
14. Life Below Water
15. Life on Land
16. Peace and Justice, Strong Institutions
17. Partnerships for the Goals
Collaboration organisation between Chalmers and University of Gothenburg
Organisationally placed directly under each Rector (Vice Chancellor and CEO, respectively)
Promote sustainable development in research, education and collaboration
To create synergy between and within Chalmers and University of Gothenburg, to generate and utilize knowledge about sustainable development.
Areas of work

- Knowledge provider
- Meeting place
- Collaboration projects
- Environmental management
- Others
From Research to Policy for Sustainable Development

Generic and Transferable Skills (GTS)
Course Code: GFOK110
Number of Credits: 3 HEC

Next round of this course takes place Spring 2019

The aim of this course is to enhance the participants' understanding of research-policy linkages and to increase their capabilities to communicate their research findings to different stakeholders, in order to create impact for sustainable development.
Sustainability Opportunities
– Exploring Sustainability at the Cross-roads of Science and Society

Ph D course
May – December 2018

Universities all over the world will need to play a pivotal role in addressing emerging global challenges. The graduate course Sustainability Opportunities – Exploring Sustainability at the Cross-roads of Science and Society is a joint venture by the University of Gothenburg and Chalmers to gather competence in the area of sustainability.
Popular science talks on the Global Goals

Ekocentrum, Aschebergsgatan 44 (tram stop Kapellplatsen)

Wednesdays at 18.00-19.30

September 12th
October 17th
November 14th
MÅL MEDVETENSKAP
-FORSKARPODDEN OM GLOBALE MÅLEN
