

Master Thesis Registration Form

This form is to be used when the examiner approves a student(-s) to accomplish a MSc thesis within a certain area/subject. The student(-s) must also meet the requirements before carrying out the master thesis; these are stated in the corresponding programme syllabus (see Student portal). In addition to the above, students enrolled in a Master of Science in Engineering or Architecture programme (300 credits) at Chalmers must have passed courses of 225 credits within the programme. Students enrolled in a MSc programme (120 credits) must have passed 45 credits at the advanced level in order to begin the master thesis work. The Director of Master's Programme (-s) also has to sign this document, in order to state that the master thesis is accepted as a master thesis within the enrolled master programme.

PROJECT DESCRIPTION SHOULD BE ENCLOSED (Tick box if required)

Master Thesis (*preliminary title*)

Course Code Master Thesis Credits Department
 (See Student Portal)

Start of project (year-month-day) Expected date for completion
